# HELMET COLORING CONTEST

- In 2019, Pilot International announced its new signature safety helmet project to place safety helmets on the heads of as many youth as possible.
- Children can begin by designing their own Dream Helmet in our Coloring Contest.
- The coloring contest is a fun activity that can be used anytime throughout the year at the discretion of clubs and districts.
- Clubs and Districts have the opportunity to determine, provide and administer prizes that are appropriate for their areas.

# BRAINMINDERS

- BrainMinders™ is Pilot International's signature program originally designed in 2001 to teach safety to children to help prevent brain injuries.
- Pilots have expanded the program to include presentations for youth and seniors.
- Most Pilot Clubs as well as many Anchor and Compass Clubs present BrainMinder™ Programs to persons of all ages, based on the services needed in their community.
- In 2017, an appointed Pilot International BrainMinders™ Committee developed an enhanced website presence and a program with revised and new materials for presentations to preschoolers, children, youth, and seniors.

# BRAINMINDERS

- These materials include new snippets (scripts), additional puppets, new coloring and activity books, an updated logo, stickers, bookmarks, t-shirts, banners, and BRAIN-O for Seniors.
- These materials/resources are available on the Pilot website under BrainMinders™ or by visiting our [Merchandise and Ordering Information webpage](#)
