Anchor Can Make A Difference!

Service and concern for others, making the world a better place is what motivates youth to become involved and join an Anchor Club. The Anchor Club you join can feed and clothe the homeless, plant flowers outside of nursing home windows, mentor Special Education kids and support research for cures of brain-related disorders. Anchors are part of a connected and dynamic team of young people serving to change communities around the globe.

Your talents and gifts given to those in need will help to weave and strengthen the fabric of your school and community. Neither can function without the care and commitment of those who live and work there.

Why is Anchor Club for Me?

The Anchor program provides service and leadership opportunities for members that will prove to be invaluable as you transition into the role of a college student. Just as important, forming bonds of friendship in the Anchor program is not only gratifying but fun! Anchor Club members and Pilot club members work together to ***Do More. Care More. And Be More!***

- Anchor members have unparalleled opportunities to engage in leadership roles and activities, gaining valuable leadership training.
- Members care more for others through their numerous service opportunities with local and national partners.
- Members develop and find their *true course* through doing, sharing and participating in the full ANCHOR experience.

History of Pilot and Anchor Clubs

Pilot International (PI) was founded in 1921 on the principles of "**Friendship and Service.**" Since that time, Pilot clubs have provided a great deal of service involving young people in this great organization.

The Pilot Club of Gainesville, Florida organized one of the first youth service clubs. The early youth clubs were successfully organized in Florida, Georgia, North Carolina, and the Tennessee-Virginia Pilot Districts. The clubs were modeled closely after their sponsoring Pilot club(s). Some of the *original* club names included Pilot-Teen Club, Piloteers, Wheel-ettes and Anchor Club.

Anchor Club was the original name of the Morganton, North Carolina youth club. The name was adopted at the 1952 Pilot International Convention when Pilot International took a big step forward and formally created a youth division. Thus, Anchor Clubs were born.

Anchor Clubs take on many forms. Some clubs are affiliated with high schools, middle schools and even elementary schools, and some are community-based clubs. All members share common values that our Anchors hold dear and that is, they serve because they want to make a difference.

All Anchor Clubs are sponsored, either by a Pilot Club, a Pilot member, Pilot District or the Executive Committee of Pilot International and enjoy multi-generational service opportunities and friendship. Pilot International provides opportunities for service through national projects,

initiatives and scholarships for Anchor members. The Anchor Leadership Summit is held in conjunction with the Pilot International Convention every summer. There are several designated Anchor districts and Anchor Club members within those districts may attend the District Anchor Conventions. The District Anchor Conventions provide leadership resources through workshops, speakers and activities.

How to Start an Anchor Club

STEPS TO CHARTER A NEW ANCHOR CLUB

You will receive the new club's charter and can have a chartering ceremony with food and fun for family, friends, advisors and sponsors. Chartering ceremonies are a special time for celebration and excitement anticipating all the great times to come as an Anchor.

Anchor Advisors

An Anchor advisor is an integral part of a successful Anchor Club. Our policies require that every Anchor Club have at least one adult advisor to help guide the club. The advisor can be a Pilot member and/or a paid school faculty member.

This advisor should be enthusiastic and genuinely interested in working with and facilitating youth leadership development.

Opportunities for the Advisor

- To serve as a mentor for youth focusing on service to others.
- To be part of developing individual leadership in Anchors.
- To guide the club through worthwhile service projects and fundraisers.

Advisor's Responsibilities

- To serve as an advisor, guide and mentor and allow for the leadership development of youth to grow as they take on more challenges within the club.
- To guide the club through worthwhile projects, required national service, to see the club meets its financial obligations to its District (if applicable) and Pilot International. Facilitate the club and individual members in their applications and desire for individual service opportunities, scholarships, grants and awards for Anchor Clubs and members and through our international partners.
- To be present or to have an adult of delegated authority present at **ALL Anchor activities**.
- To be a liaison between the Anchor Club and their sponsor.
- To assist the club in planning activities early in the year to ensure that:
 - Activities are worthwhile and challenging, such as Anchor/Pilot programs; projects involving the focus; civic affairs; safety and security; etc. Encourage Anchors to **be creative**.
 - Anchor activities adhere to safety and security policies and are approved by the designated school or community center, Pilot Club, etc.
 - Activities are coordinated with the school, community, and sponsor.
 - Plans by committee chairs for activities are cleared with you before putting them into action.

- To assist the secretary and treasurer in record keeping. Treasurer's report is sent to Pilot Headquarters on or before **November 1st** with appropriate check for member dues/costs.
- To plan with the Executive Board, a yearly budget and assist Anchors in operating within the budget.
- To review the meeting agenda with the club president prior to meetings and see that parliamentary procedure is followed in board and business meetings.
- To assist members in putting together a club roster.
- To assist club leaders to communicate upcoming events to both Pilot and Anchor Club members throughout the year. A club newsletter is an example.
- To help maintain a balanced membership distribution so that at the end of the year, when students graduate, there will be a sufficient number of remaining members left to carry on Anchor projects and to resume club activities for the next club year. The office of President Elect should be a training period for the presidency so that he/she will assume the presidency during the next club year.

The elections of officers and the duties of Anchor Club officers are contained in the Anchor Bylaws, (included in the Handbook for Anchor Clubs).

- Campaigning for club office is permitted unless prohibited by school policy. The District Anchor Coordinator, if applicable, would approve activities concerning campaigning for district offices.
- The installation of Anchor officers could include the service goals and objectives of the Anchor Club or District.

The Rewards of Having a Sponsor

- Increased opportunities for friendship and service.
- Additional hands for joint activities including hands on service projects and fundraising activities.
- Increased visibility through close association with an active service club in your local community.
- Leadership opportunities for reaching your potential through active service programs.
- If a Pilot Club is the sponsor – get information about the Pilot International Founders Fund grant program, and Pilot and Anchor's service focus of Brain Safety and Fitness and Caregiving.
- Opportunity to work with others and gain mentoring by the sponsor.

The Responsibilities of a Sponsor

- Be supportive of the Anchor Club and its Advisor and appoint informed and enthusiastic liaison to the Anchor Club, if a group is sponsoring the Anchors.
- Raise funds and provide financial support for agreed upon Anchor activities and projects.
- Consider providing a yearly financial stipend for the Anchor advisor to thank him/her for their daily leadership and work with the Anchor Club.
- Maintain a spirit of friendship. Have open communication and regular contact. Be aware of the Anchor Club's activities.
- Assist with leadership training locally and nationally, as requested by the local, district and national organization.
- Plan and support joint activities involving Anchor, and sponsor its members, if applicable.
- If sponsor is a Pilot Club, throughout the year invite Anchor Club members to attend Pilot meetings and encourage Pilots to attend Anchor Club meetings. This way all members will be familiar with one another.
- Be ready and willing to offer counsel when asked. Be supportive of the Anchor club's awards and service goals.

For Clubs to successfully reach their goals there must be a creative environment. The building blocks for a creative environment are making room for all members to live the ANCHOR values through the operation of the club. Here are some ways for both club officers and advisors to ensure this happens:

The ABC's of Pilot International – A marketing tool that defines what we do as Pilots

Advocating Leadership and Service in Youth and Young Adults

Do More. Care More. Be More. This is the leading principle behind every partnership we will seek and everything we will design for our Anchors. Using their own name as a guide, Pilot's Youth Development and Leadership initiatives will strive to instill six specific, valuable qualities and characteristics in these young people, enabling them to **DO MORE, CARE MORE and BE MORE** every day. The six qualities are:

Altruism, **N**oble Purpose, **C**itizenship, **H**onor, **O**pen-Mindedness and **R**esponsibility

Brain Safety and Fitness Initiatives

The purpose of Pilot International's service focus, Brain Safety and Fitness, is to promote an awareness of brain disorders and to improve the lives of those affected—through education, volunteerism, financial support and research. Anchor Clubs and Districts should become involved in projects relating to brain safety and injury prevention which meet the needs of local schools and communities. Doing so will help Pilot and Anchor Clubs forge a stronger identity and it will strengthen the bond between Pilot and Anchor.

Anchor Brain-Related Disorders, Brain Safety and Brain Fitness projects could fall into one of the following six general categories:

- Traumatic brain injuries/referred to as TBIs (head injuries from car, cycle, or other accidents, etc.)
- Developmental disabilities (learning disabilities, intellectual disabilities, etc.)
- Chemical dependency (alcohol, drug-related illness, etc.)
- Diseases which cause dementia (Alzheimer's disease, Parkinson's disease, etc.)
- Mental and emotional disorders (depression, schizophrenia, etc.)
- Other brain disorders (brain tumors, neuromuscular diseases, strokes, etc.)

Suggestions for Anchor Projects

- Mentoring Special Education kids- tutor, big brother/sister, secret pal.
- Present the BrainMinders™ program- ask your Pilot Club to supply materials. Pilot has a BrainMinders™ script specifically designed for presenting to different ages groups from kids to senior adults.
- Support the family of an individual or peer with a head injury.
- Develop a safe prom program at school.
- Provide infant gowns or blankets to hospitals for babies born with Fetal Alcohol Syndrome.
- Conduct a helmet safety seminar.
- Interview students about their thoughts on teenage depression/suicide and publish in your school's newspaper.

- Invite a celebrity guest speaker who has been affected personally by brain-related disorders to speak at your school. (You never know who might agree until you ask!)
- Hold an “Awareness Week” about one specific brain-related disorder. Place posters around your school, interview students on the radio, publicize in newspapers, etc.
- Come up with several ways to support the family of a teen who committed suicide. Make sure the support continues in various ways for at least a full year.
- Set up an “Anchor Impact Brain-Related Disorders” booth at a health fair.
- Conduct a school-wide survey asking students their thoughts on alcohol:
 - “Have you ever been approached to buy drugs?” and “How much do you drink on weekends?”
- Keep surveys anonymous. Share results through student council.
- Hold a Brain Safety poster contest. Students can choose one of the six categories listed on the previous page to illustrate. The winning poster being the most unique and educational.

Great brain-related disorder service projects like BrainMinders™ can give Anchor Clubs the visibility needed to attract good members. Anchors, **BE** the club in your school and community known for SERVICE!

Caring for Families in Times of Need

Pilot International is an organization that cares. By caring and supporting families in times of need, Pilot International and its members show that we CARE MORE.

Caring for Families in Times of Need may include but **NOT** limited to:

- Pick Me Ups – Kind Acts for Those Who Care

Pick Me Up gifts can be big or small. Your club will determine the type of Pick Me Up to distribute. The important thing to remember is to base your Pick Me Up off of someone who is close to the caregiver (preferably family or friends). Regardless of club size, Pick Me Ups should be determined by the recipient’s needs and interests. The following examples show possible suggestions for potential Pick Me Up recipients. Keep in mind your club resources will also help to determine the type of Pick Me Up that will best be suited for the recipient.

- International Care and Kindness Week

In keeping with our commitment to Caring for Families in Times of Need, Pilot International has been instrumental in establishing the second week in November as International Care and Kindness Week.

- Pilot and Anchor Clubs will promote awareness for International Care and Kindness Week through the dissemination of various marketing materials and will encourage community involvement through local initiatives focused on Care and Kindness.
- While Pilot and Anchor Clubs are encouraged to participate in the *Pick Me Ups* initiative throughout the year, special emphasis will be placed on the program and on promoting awareness of the *Pick Me Ups* program during International Care and Kindness Week.

Anti-bullying Policy

No member of Pilot Club International/Anchor Club International shall engage in or be subjected to harassment, violence, threats of violence, or intimidation by any other member that is based on any of the specific characteristics that have been identified by Pilot International in this policy. Members who violate this policy will be subject to review and possible membership suspension.

Description of Behavior Expected of Pilot and Anchors Members.

(b) Violence, threats of violence, harassment, and intimidation are prohibited and will be subject to having membership revoked if the perpetrator of such action is found to have based the prohibited action on one or more of the following characteristics of the victim of such conduct:

- race

- disability

CLUB OPERATIONS

Dues

In order to provide our members with the best in national service and leadership opportunities, members pay annual international dues along with an insurance fee. The amount is determined each year at International Convention and announced via *The Anchor* newsletter and other forms of electronic communications after the July convention. You may also contact the Anchor Department at Pilot International Headquarters for the annual dues amount. Dues/costs are payable to Pilot International headquarters by **November 1st** of each year. The Treasurer's Report should accompany the dues remittance and can be found on the website at www.anchorclubintl.org.

Paying dues provides opportunities and benefits that **would not be possible** without Pilot International's oversight and affiliation. Examples include:

- ✓ Scholarship opportunities
- ✓ Annual leadership training for students
- ✓ Club and district representation at the Annual International Pilot Convention and Anchor Leadership Summit
- ✓ Special awards programs such as Anchor Advisor of the Year and many others
- ✓ Leadership participation opportunities, i.e., Spirit of America Leadership Program – Freedoms Foundation, Valley Forge, PA

The Purpose of Anchor Insurance is that the school's insurance is typically general liability protecting the school and not Pilot, and/or an accident policy designed to pay limited medical bills, but with no liability defense coverage for Pilot. If something bad happened to a student, Pilot would likely be at least one of the parties sued, and our policy provides general liability defense and if necessary, payment on our behalf.

Some Anchor Club members are responsible for payment of district dues. The district dues are determined and administered by the designated district, if applicable. Each Anchor Club works with their respective districts regarding district dues, if applicable. If your Anchor Club has local club dues, please be sure to let members know how those dues will be collected.

Tips for Financial Success with your Anchor Club

One of the greatest needs in any club is the financial support and how you raise the money needed to help support the club. Obviously, the easiest way is to hold fundraisers and there are many types from simple ones like bake sales and car washes up to others like cookouts / dinners, dances and carnivals. Here are some other ideas to consider when your club has a need for raising money:

- Look to your sponsoring Pilot club for support. The Pilot club may have the means to assist in giving the Anchor Club funds or they may be able to help you with a co-sponsored fundraiser, allowing a larger opportunity to raise more money.
- See out local businesses in your area especially family run businesses for donations to support your projects.

- When holding a fundraiser or event, ask local businesses for donations that you need during that event such as paper goods and in turn provide the business with advertisement during the event.
- Look to other groups and organizations in your area that have a goal similar to yours for the event you are working on. There may be a possibility to partner bringing bigger and better ideas to the table, reaching more people for the same cause.
- Utilize local radio, TV, newspapers and magazines to advertise for your club's event. Many times when raising money for a charitable cause, the media will report and advertise these events.
- Work with the local Sheriff/ Police Department(s) when coordinating events for the community, i.e., bike safety, drug awareness and child prevention type programs. Those organizations may be willing to sponsor you as well or work with your club for the event.
- The biggest tip is simple...don't be afraid to ask...the worst they can say is NO, but at least you asked!

Club Budget

The Club Budget is the guide for the year, but remember it is just a guide. Once the budget is established/voted on, the club should follow it as closely as possible throughout the year. However, if something changes mid-year that affects the budget, the members can vote again to make the necessary changes based on the situation.

Items to be included in the budget should be all financial obligations throughout the year. The first thing to consider is income and where it comes from, such as member dues, monies being paid by members for t-shirts, fundraisers and donations. ALL monies taken in by the club need to be listed as income.

Next, note all expenses - monies paid out by the club; dues; money to purchase t-shirts; donations to organizations; supplies being purchased for events. Additionally, consider any and all costs the club has incurred to host events and projects.

The goal of a budget is to have your income match or be higher than your expenses, in an effort not to spend more than you receive. However, keep in mind this is your budget and as the money is received you may find it necessary to make adjustments on what and how you spend in on the expense side.

Trust | Respect | Commitment

To ensure mutual trust, respect, and commitment you as a leader must set the tone for your club. Ask them if they feel:

Openness: Can all members be honest about their feelings? Do all members feel free to express their ideas?

Creative Leaders are successful by:

- communicating club goals determined by the majority of the membership
- including members in finding resources
- involving members in problems solving

The following activities will increase trust, respect and commitment.

Task Activities: are designed more on **WHAT** is being done, rather than **WHO is doing it**.

Initiating: brainstorming and establishing objectives. Information giving: offer relevant info, sharing opinions Information-seeking: request feelings and ideas Elaborating: clear up misunderstandings Innovating: take a fresh look at how and why we do the things we do Problem Solving: identify problems; get input on solutions

Relationship Activities: are designed to focus on those WHO are doing the project, rather than WHAT is being done.

- Involving members
- Encouraging friendship and fun
- Listening and tuning in to your membership
- Processing feedback and discouraging cliques
- Reconciling differences
- Harmonizing and resolving conflicts

Anchors are Team Players!

The success of the club activities depends on the members' ability to work as a **TEAM**. Members gain experience through working together and are responsible for an area of the club's overall program. By working on committees, members can express themselves through creative projects, fundraisers, etc.

Each club member should be assigned to one or more committee. These assignments should take the following into consideration:

- Strengths each team will need to be successful.
- Best utilization of the members' talents.
- Members should be encouraged to give input and ideas.
- Build new friendships and prevent cliques.

Committee Chairs should involve their committee members in the planning as well as carrying out their assignments. Each Chair reports on the committee's plans at the business meeting.

Suggested Committees:

Although each committee has specific responsibilities, all the committees should work together in order to be successful. Due to the diversity of Anchor Clubs in composition, size, and setting – not all clubs will use the committees outlined here. Clubs may adapt these to meet their needs. Through dedication and active participation, all members can be on the Anchor Club **TEAM!** The greater the teamwork – the greater the success of the club.

Sample Committees and brief sample duties:

1. **Arrangements Committee:** Provides an inviting setup and creates a friendly atmosphere. This committee should see that all necessary facilities are available and that the room is in good order before leaving it.
2. **Service Projects Committee:** Makes plans for club service projects. This committee will formulate the general plan of action, with all members working together on service projects.
3. **Fundraising Committee:** Plans for fund raising activities. This committee will formulate the general plan of action, with all members working together to make the fundraisers successful.
4. **Program Committee:** Comprised of the chairman of each club committee and the president elect serving as the chairman. The program committee makes arrangements for the regular meetings and special functions. A program schedule is planned and those responsible for the program are notified.
5. **Awards Committee:** Should plan and develop entries for competition in Outstanding Anchor Club of the Year and District awards, Advisor of the Year and others.
6. **Social and Inter-Club Committee:** Should plan and supervise the social functions of the club and network with other clubs. This could lead to joint projects and socials.
7. **Career Committee:** Should be responsible for planning and supervising activities involving vocational guidance – i.e. organized a Job Shadow Day for Groundhog Day. Visit www.jobshadowday.org for information.
8. **Publicity Committee:** Develop PR for all events in order for the club to have good visibility and to insure that all fund raising efforts and socials are successful. This is also important for your service projects so that your school and community will know who you are and what you are doing.

This page contains tips and tools all committee and club leaders should use.

Year Round:

Evaluate all club activities and improve club operations by:

- Looking at the time and energy of members versus results achieved.
- Reading 'The Anchor' and submitting ideas for publication.
- Making necessary changes to maximize members' time, energy, and talent while increasing the visibility of your club.

Work side by side with your sponsor to:

- Combine both clubs' efforts on large service projects.
- Strengthen your club's entry in "*Outstanding Anchor Club of the Year*".
- Plan a focus project and complete a grant application to submit to the Pilot International Founders Fund

Steps for Delegating:

The following list contains steps that club leaders may use in delegating to members.

1. **Develop a climate for delegation.** By establishing open communication, showing respect for member's opinion, and using survey forms to get members' input.
2. **Determine your objectives.** Consult Anchor bylaws, review past objectives, get input from the Anchor Advisor, look over awards information and don't be afraid to try new ideas.
3. **Know your members.** Work side by side with members, have a fun meeting early in the Club year, and brainstorm together.
4. **Develop a plan.** Write down action steps to carry out objectives, involve members in this process, be original and try to utilize the talents of your members.
5. **Communicate your expectations.** Be clear and give deadlines.
6. **Monitor progress.** Follow up with members and give positive encouragement

Tips to Conduct a Successful and Friendly Anchor Club Meeting

- Plan Ahead. Have your Anchor Club meeting agenda and anything you need to pass out at the meeting ready to give to your Anchor Advisor and club officers a few days before the meeting takes place.
- Stick with the meeting agenda. Make sure that outcomes to the items on your agenda are discussed. By knowing the outcome, it becomes easier to find the solution.
- Keep your Anchor Club meetings short and to the point. Everyone's time is important. Long meetings are not necessarily successful meetings.
- Let members know how important they each are to the Anchor Club. Encourage everyone to share his or her ideas in the meetings. Before the meeting, encourage members to get involved by sharing their ideas.
- Make sure the room that the Anchor Club meeting is held in is "meeting friendly". This means making sure that the room is set up so that all club members can hear what is being discussed and make sure that the room is a comfortable environment. Sometimes setting chairs up in a U-shape pattern will ensure that every member can be seen and heard when they are speaking.

Most importantly...**Have fun at your Anchor Club meetings!**

ANCHOR CLUB BYLAWS

Anchor Club is a service organization for students. It is a program of the Pilot International, Inc. organization.

The name of an Anchor Club will be that under which it was chartered. The name should reflect the name of the school or community in which the club is organized.

ARTICLE II

Sponsorship and Organization

Section 1. It shall be sponsored or co-sponsored by a District, Pilot Club(s) or a Pilot member in accordance with the policies established by the Executive Committee of Pilot International and the Bylaws governing Anchor Clubs.

A disbanding Pilot Club should secure a new sponsoring Pilot Club for the Anchor Club(s) in the surrounding area if possible. Once the Pilot Club has agreed to become the new sponsor, the club should notify Headquarters of their intent in writing with copies mailed to the Pilot District Governor, PI Anchor Coordinator and the District Anchor Coordinator.

If the disbanding Pilot Club is unable to secure a new sponsoring Pilot Club, the Pilot District Governor should contact Headquarters within 30 days of the Pilot Club's disbanding. The Governor should inform the Membership Department of the status in finding a new sponsor and obtain any relevant information regarding the Anchor Club(s).

If Headquarters does not hear from the Pilot District Governor within 45 days, the Membership Department should contact the Governor and discuss the options the District has and give to the Governor any relevant information concerning the Anchor Club(s).

The Anchor Club(s) can be sponsored by a:

- Pilot Club (even if it is not in the same town)
- Pilot District

ADDENDUM TO ANCHOR BYLAWS CONCERNING CLUB STANDING RULES

Standing rules are the special regulations governing the individual club. They specify time and place of meetings, amount of club dues, etc. and are never in conflict with the Bylaws of the organization of which the club is a member.

The main thing to remember when updating or writing the Standing Rules for the club is that these are the main rules to keep your club functioning and what the obligations of the members are if they intend to be a member of the club.

Some of the things to consider for the standing Rules are the following but are not limited to only these items:

- Requirements to be a member; grade level, GPA, attendance at meetings, and community service hours.
- Meeting dates and times on a regular basis for Board and Business Meetings, special meetings can be called as needed by the President or a committee.
- Details about probation situations and termination of membership if certain rules are broken, the specific rules should be listed.
- Duties and requirements of the Club Officers and Committee Chairs.
- Details on Nominees for Office; who is on the Nominating Committee, when will the new officers be elected and installed etc.
- Details about the Club Dues listed in detail regarding the amounts for PI, District if applicable and the Club Dues along with the due date.
- Information about the District Anchor Convention if applicable or any other annual events for the club and the rules of which members will be delegates for these events if applicable.
- Robert's Rules of Order should always be listed as the way in which the meetings of the club will be run.
- Any specific details for the club that need to be established as something the club does every year, such as Officer Gifts, Advisor Gifts or recognition, paying the expenses for members to attend certain annual events, the list can continue based on the needs of your club and certain things the club wants to be part of the normal operations of the club.

Keep in mind there may be a situation arise that is not addressed in the club's Standing Rules. At this time the Membership will vote on how that situation will be handled and if the club feels it necessary to amend the Standing Rules to address this for the future, then that can be done.

The Standing Rules can be changed and updated as needed buy a majority vote of the members present during a business meeting, provided that a notice of the proposed changes was given at the previous business meeting.

Pilot International Student Membership

Are you no longer an Anchor Club member but are still interested in actively serving and improving your local community? Pilot International has an exciting opportunity for you to become a Pilot Student Member!

What is Pilot Student Membership?

Pilot Student Membership may be granted to an Anchor upon graduation and/or to a Pilot Scholarship recipient. This status may remain in effect for as long as the former Anchor is a student, and/or as long as the Scholarship recipient is a student and receives financial support from Pilot. Anchors graduating after May/June 2005 are eligible for Pilot Student Membership.

Here is how it works:

One to two months prior to graduation, seniors will receive a letter from their sponsoring Pilot Club, along with a Pilot Student Membership form. The Pilot Student Membership form may also be obtained from the Pilot International website (www.pilotinternational.org). Once the completed form is received at Headquarters, a welcome letter and a Pilot Student Membership card is mailed to you. Your contact information is then forwarded to the Pilot Club closest to the area indicated on the form. In addition to visiting your local Pilot Club, your card allows you to attend Pilot Club meetings while you are away at college.

Pilot Student Membership is a great way for Anchors to continue supporting their communities through service and also provides limitless opportunities to network and make personal and professional connections.

Pilot Student Membership is sponsored by Pilot International and is **FREE** to the member. We appreciate our past Anchors for their many years of service and dedication to Anchor and Pilot International.

Anchor Club Creed

Realizing that in unity there is strength, we, as members of the Anchor Club, are resolved:

To work together in friendship and loyalty;

To render service in our home, school, and community, knowing this course will take us over a sea of happiness;

To steer our ship of life by the bright stars of Hope and Faith;

To follow words of guidance from parents, teachers and Pilot friends, for these, as gleams from the Lighthouse of Truth, are words of wisdom; to set full sail through channels of achievement which lead us to the port of success; and

When our ship of life is tossed by the tempests of misunderstandings and the angry winds of injustice, we will cast our Anchors of courage, wisdom and trust to hold us fast.
